### SUBMITTING AN ABSTRACT

- **SUBMISSION FORMAT** - The body of your abstract will be entered in the text boxes under the "Abstract" step.
- First write your abstract in Microsoft Word using 8-point font, 0.75" margins on all sides.
- Be sure that all text, images and tables fit onto one page. Follow the ORS formatting guidelines and template.
- Once you complete all the steps in the online submission and submit payment, you will receive a green message and check mark on the "Review Work" screen indicating "Your submission is COMPLETE."
- There will be a $35.00 non-refundable fee to submit your abstract for the ORS 2018 Annual Meeting.

### CONFLICT OF INTEREST

Authors must complete the conflict of interest statement indicating content of your presentation will be based upon the best available evidence and not promote any health care device, reagent (drug), or service and disclose any conflicts relevant to this presentation, and not make any recommend regarding the relevant products or services as part of their presentation.

NOTE: Only those checking this box will be allowed to present at or develop educational products for ORS. Presenters found to have:

- ignored utilization of best available scientific evidence,
- presented content that is biased or promotional in nature, or
- made recommendation(s) based upon relevant products or services in the presence of a conflict of interest.

Will not be allowed to take part in the planning or provision of any other ORS educational program or product for 2 years. The ORS has implemented a new scoring system and will instruct reviewers to give a low score on abstracts that do not adhere to the conflict of interest statement or do not provide complete disclosure.

AGREEMENTS/INSTRUCTIONS
All affirmation boxes must be checked before continuing with your submission.

☐ Abstracts are submitted with the understanding when accepted the presenting author will register and attend the meeting.

☐ Should the presenting author be unable to attend the meeting a registered co-author may present the poster or podium presentation instead. Notification must be sent to the ORS office at least one month prior to the meeting notifying the change in presenter.

☐ NEW NO-SHOW POSTER POLICY:
The ORS wishes to avoid empty space on poster boards in order to save both space and costs and to prevent gaps in the scientific program. Therefore the following “No-Show” policy is to be implemented to regulate the POSTER presentation process.
• Posters must have an author register and attend the meeting and present the poster during the poster presentations.
• Posters must remain up for the duration of the assigned poster session. Posters set up late or taken down early will be subject to a one year annual meeting submission penalty.
• All authors on a poster displayed at the meeting, where none of the authors registered and presented the poster, will be “penalized” and not allowed to submit any other abstract for the next 3 years from the date of submission.

☐ PREVIOUSLY PRESENTED OR PUBLISHED WORK
• Work that has been previously presented or accepted for presentation prior to abstract submission is not acceptable for submission.
• Work which has been accepted for publication prior to abstract submission is not acceptable for submission.

☐ ADDITIONAL ABSTRACT DETAILS AND CONDITIONS
• Abstracts and presentation will be based upon the best available evidence and will not promote or recommend relevant products or services as part of the abstract/presentation.
• All presentations are made with the understanding that there will be a complete explanation of material presented as per the submitted abstract.
• The project must reflect original research.
• Abstracts must present results of work substantially performed prior to submission. Statements such as “data will be presented and discussed” are inappropriate: actual data (with statistical analysis when appropriate) must be included.

☐ Abstracts with N=1 will not be accepted.

☐ Abstracts must conform to the instructions described. No two abstracts and/or presentations that share one or more authors may overlap significantly in content.

☐ Authors submitting an abstract for the ORS 2018 Annual Meeting do so with the understanding that they will abide by the conditions, deadline policies, and the decisions of the ORS Program Committee.

TITLE
Please enter your title below. The following guideline applies:

• Use Title Case.

Please click Continue at the bottom of the page to save your work and move ahead to the next step. After you have done that, you can return to a previous step by clicking on the step name on the left hand side of your screen. Do NOT use the browser’s back button.

Enter your Title Below:

These are the ORS Formatting Requirements for Submitting an Abstract

John W. Smith1, Mary B. Jones1,2, Karen L. Brown1, Vince Samuels1
1University of Kentucky, Lexington, KY, 2Mayo Clinic, Rochester, MN
Email of Presenting Author

Disclosures: John W. Smith (N), Mary B. Jones (3C-ABC Company, 4-ABC Company, XYZ Inc.), Karen L. Brown (3C-ABC Company), Vince Samuels (N) (Information for disclosures can be taken from the online abstract system after entering all authors.)

TITLE:
Type the abstract title in upper and lower case letters centered at the top of the page. Use a short, substantive title. Font is Times New Roman 10 point Font.

AUTHORS AND CO-AUTHORS:
The Presenting Author should be listed first on the abstract followed by all the co-authors. Font is Times New Roman 8 point Font.

The author list appears after the title of the abstract, must be in proper case and centered. Enter the authors’ names in the order of contribution or in the order they should appear on the submitted abstract with the presenting author listed first. The email of the presenting author can be provided after authors.

INSTITUTION(S):
List the institution name, city, state, and county if applicable, indicating each institution by number. Font is Times New Roman 8 point Font.

AUTHOR DISCLOSURES
List all the authors and their disclosures which can be found on your abstract confirmation after entering authors and disclosures in the online system. Font is Times New Roman 8 point Font.

ABSTRACT BODY: Font is Times New Roman 8 point Font. Abstract body includes the following: (If noting a brand name of a product you used, please do not list the city, state or country.)

ABSTRACT INTRODUCTION:
The introduction must contain a brief statement of the question, hypothesis, or objective. Please remember the interdisciplinary nature of the Society’s membership when writing your abstract. The opening paragraph should be understandable and of interest to both specialist and non-specialist alike.

METHODS:
Methods, including statistical techniques, human experiments must note approval of an institutional review board and informed consent and animal experiments must note approval of an institutional review board conforming to the laws and regulations of the country of origin.

RESULTS SECTION:
Essential results, including data, sample size and statistics.

DISCUSSION:
Discussion, including limitations and conclusions within the framework of stated question, hypothesis, or objective.

SIGNIFICANCE/CLINICAL RELEVANCE:
(1-2 sentences): Please provide context for this study in terms of its significance and clinical relevance in your abstract. Please refer to the NIH guidelines for description of significance:

REFERENCES:
Include references here. (References are Optional)

ACKNOWLEDGEMENTS:
Include acknowledgements here. (Acknowledgements are Optional)

FORMAT:
Abstract information must not appear on or outside the margins. Indent five (5) spaces for the beginning of paragraphs.

Abstracts must be created in a Word or RTF document formatted to 8.5" x 11" (21.59cm x 27.94cm) with the following margin settings:
Top & Bottom 0.75 inch (1.91cm)
Left & Right 0.75 inch (1.91cm)

Type should be 10 points for the Title and 8 points for authors, institutions, disclosures, and body sections. Times New Roman is the only font approved for use.

Save abstracts as a PDF before uploading to the submission site.

IMAGES AND TABLES:
Images and tables will appear at the end of the abstract and must be sized to fit within the abstract.

Abstracts should fit 1 page including images.

Currently Editing: ORS Annual Meeting Abstract Submission, Control # 2018-A-8-ORS

ABSTRACT

Authors will create their abstract in Word or RTF document following the ORS Formatting Guidelines. SAVE THE FILE AS A PDF. THE PDF FILE WILL BE THE FINAL ABSTRACT USED ON THE MOBILE APP, ON ANNUAL MEETING LINK TO ABSTRACTS, AND ON THE ORS WEBSITE. (Please make sure ALL Authors are included).

Once you have the one-page abstract in Word/RTF and PDF'd, you can complete the online submission by copying and pasting the body of the abstract in the online submission. Complete ALL steps of the submission. The abstract copied into the online system will be used for the blind review.

Upload images supporting your abstract, then upload the final PDF complete abstract.

NEW Abstract Template and Formatting Requirements for authors

If you are submitting an abstract for someone in your lab or institution, print these pages and have the authors complete them, making it easier for you to submit the information (ALL Authors need to be listed during the online submission). PLEASE NOTE: This PDF is 38 pages.

System Guidelines

Please enter your abstract text below from the Word/RTF document created using the template above. Copy and paste your abstract from the Word/RTF file created. Enter/Edit Abstract, Please click here for information regarding use of special characters.

Please click here for information regarding use of HTML font styles (for browsers other than IE, such as Chrome, Safari, Firefox, etc). GRAPHICS/TABLES:
You can create tables in the system using the Create a Table link, or upload graphics (including tables) separately using the Add an Image link. Add legend/text with figure before saving the image. ORS allows a total of 3 graphics or 3 tables per submission, or a combination of graphics and tables (for a total of 3).

Abstract Body:
Introduction:
Methods:
Results:
Discussion:
Significance/Clinical Relevance:

Enter Abstract Text
Create a Table
Add an Image

You are 62 characters short of the minimum limit.
Please correct this in order to complete this step.

Abstract Word Count: 10
Abstract Character Count: 131

Title Word Count: 1

ADDITIONAL QUESTIONS

Required questions are indicated in red with an asterisk.

Commercial Support/Description

* Is this work performed, funded or aided by a commercial entity in any way?
  Please Select ✓

If yes, please indicate the source of commercial support.

Prior Publication/Description

* Has this abstract or its contents been published in part or in whole?
  Please Select ✓

If yes, please indicate prior publication details below.

Abstract Description

* Abstract Description:
  Please Select ✓

Sex and Gender Differences

* Were issues of sex and/or gender differences considered in this research study?
  Please Select ✓

If yes, please explain how the differences were researched.

If no, please provide an explanation for why it was not considered pertinent or, if it was pertinent, why it was not studied.

Abstract References

Please include any references for your abstract in the spaces below. We have removed from the actual abstract body to ensure a blind review.

If no references, please enter N/A.

* Abstract references:
Abstract Acknowledgements

Please include any acknowledgements for your abstract in the spaces below. We have removed from the actual abstract body to ensure a blind review.

If no acknowledgements, please enter N/A.

* Abstract acknowledgements:

CATEGORY FOR REVIEW

Select the topic that most closely matches your study. Click on the Continue button to save your changes. Note:

- Choose the appropriate "Primary Category" (what best describes your work) for this abstract for the First Category from the pull-down menu below. The "primary category" is used for review and placement of your abstract in the program (sessions/posters).
- Select a Second and Third category, if applicable, in priority order.
- It is extremely important that your abstract is properly categorized as it will impact the placement for the review assignment process and, if selected, placement in the program.

Choose First Category for Review (Required):

PRESENTATION TYPE and DISCLOSURES / AGREEMENTS

Please review and complete the questions below.

Required questions are indicated with an asterisk.

- Click on the “Presentation Type” pull-down menu and replace “Not Selected” with the appropriate selection.
- If you select “Poster Preferred” as your presentation type, you are required to provide a reason for this selection in the Reason Poster Preferred box below.
- After answering all the question press “Save and Continue.”

* Please choose your presentation type:

Reason Poster Preferred

If you selected the Presentation Type “Poster Preferred,” indicate your reason in box.

I. Review of Material

Each author/co-author listed has reviewed this abstract being submitted for the ORS 2018 Annual Meeting and agrees with the material being presented.

* Choose here to indicate agreement.

II. Conflict of Interest Statement

I agree that the content of my presentation will be based upon the best available evidence and will not promote any health care device, reagent (drug), or service and disclose any conflicts relevant to this presentation, and not make any recommendations regarding the relevant products or services as part of their presentation.

NOTE: Only those checking this box will be allowed to present at or develop educational products for ORS. Presenters found to have:

- ignored utilization of best available scientific evidence.
- presented content that is biased or promotional in nature, or
- made recommendation(s) based upon relevant products or services in the presence of a conflict of interest.

Will not be allowed to take part in the planning or provision of any other ORS educational program or product for 2 years.

The ORS has implemented a new scoring system and will instruct reviewers to give a low score on abstracts that do not adhere to the conflict of interest statement or do not provide complete disclosure.

* Choose here to indicate agreement.

http://www.abstractsonline.com/c/Submit/submitStepAdditional0.asp?id=3&CKey=%7B26A03035%2DBD1D%2D4806%2D9438%2D490BB3F6D96E%7D&MK...
III. IRB (Institutional Review Board)

All questions in red with an asterisk (*) must be answered. If your answer directs you to skip additional questions, you must still select "not applicable" from the drop-down menu for the skipped questions.

* 1. Are your research subjects living humans or animals?
   Please Select

* 2. Were any patient records or imaging studies reviewed for this study?
   Please Select

* 3. Does this research use only biomechanical testing, data from published articles, databases or specimens that are publicly available?
   Please Select

* 4. Human Subject Research: Was this research approved by an Institutional Review Board (IRB) or Ethics Committee?
   Please Select

If your research is based on human subjects and there was no IRB or Ethics Committee review, please provide an explanation or your abstract will not be graded for presentation.

* 5. Human Subjects: Number of subjects? Enter 0 if no subjects were used.

* 6. Type of Investigation:
   Please Select

* 7. Randomization:
   Please Select

* 8. Control Group:
   Please Select

IV. DOCUMENTATION OF FDA STATUS FOR USES DESCRIBED

* To obtain information regarding the clearance status of a device or pharmaceutical refer to the product labeling or call the FDA 1-800-638-2041 highlighting or visit the FDA Internet site at http://WWW.fda.gov/cdrh/

ORS policy provides that "off-label" uses of a device or pharmaceutical may be described in the ORS’ CME activities so long as the "off-label" status of the device or pharmaceutical is also specifically disclosed (i.e. that the FDA has not approved labeling the device for the described purpose). Any device or pharmaceutical is being used "off-label" if the described use is not set forth on the product’s approved label.

* In my "Work" for this ORS educational program or publication:
   Please Select

If you selected "The FDA has NOT cleared..." immediately above, then indicate manufacturer names and devices or drugs below:
V. NON-EXCLUSIVE LICENSE

- I have created and am the current copyright holder of a certain presentation and any and all submitted materials identified in this application, hereinafter referred to as the "Work." I agree to license the Work to the Orthopaedic Research Society (ORS) according to the following terms and conditions:

1. This license shall commence upon the date of execution of this Agreement.
2. I hereby agree to grant the ORS a non-exclusive license for the use of the Work.
   The ORS is not obligated to use the Work in any way.
3. I am granting this license to the ORS as a contribution. I specifically release the ORS from any obligation to pay money or otherwise perform services for this license.
4. The ORS may use the Work for educational purposes only. I understand and agree that those purposes include, but are not limited to, the sale and advertisement of the Work; use of the Work in abstracted form on the mobile app, on the Internet, on annual meeting link to abstracts or other public sources; exhibition; broadcast; distribution and duplication and use of excerpts or abstracts of the Work solely or in combination with other material.
5. I acknowledge that the first publication date for the Work will be on or about Friday, February 23, 2018.
6. If I have violated or infringed a personal or property interest (including a copyright or trademark) of any individual or entity in granting a license to the ORS to use the Work, I agree to indemnify the ORS against any and all liability for payment of claims, judgment, or settlements, for violation or infringement of any personal or property rights resulting from the ORS’s use of the Work, and for any attorneys’ fees that the ORS incurs in the defense of such claim. The ORS will promptly notify me in writing of any such claim, and shall not settle any such claim without my prior written, expressed consent.

* I have read the foregoing license and agreement before signing below, and I fully understand the contents.

AWARDS

ORS provides awards and grants based on high-quality abstracts for the early-career and established investigator. The Presenting Author will automatically be considered for all awards upon submission of your abstract including:

- New Investigator Recognition Award (NIRA)
- ORS Section Best Awards
- ORS/Ruth Jackson Orthopaedic Society Young Females Investigator Travel Grant
- ORS/ORSF Travel Grants in Orthopaedic Research Translation
- ORS William M. Harris, MD Award
- AAOS/ORS Women’s Health Issue Advisory Board (WHIAB) Award
- Force and Motion Foundation/ORS Young Scientist Travel Grant

Are you a current ORS member in good standing?
Please Select

Are you a current ORS section member? If YES, check all that apply
Please Select

- International Section of Fracture Repair
- Meniscus Section
- Orthopaedic Implant Section
- Preclinical Models Section
- Tendon Section
- Spine Section

What best describes you?
Please Select

- Note your degree(s):

Are you a female trainee?
Please Select

How many years have you been in active research since the completion of your residency or PhD?
Please Select

How many years have you been in musculoskeletal research? (Includes time as a post-doc, student, resident, fellow, etc.)
Please Select

AUTHOR/CO-AUTHORS

Kindly be aware that the author highlighted in blue is the presenting author. The first author listed in the order set is the first author of the abstract, and should be the presenting author. The order of the authors listed will be the order in which they will be published if selected. Please include all authors during online submission. Disclosure is REQUIRED for all authors.

The author information listed below will be published exactly as it is displayed here. Please be sure that all author names and institutions are listed correctly. You will not be able to add or change authors after the deadline.

Please list as few affiliations as possible, to keep the list below the authors’ names to a minimum. Instead of listing XYZ University for one author, XYZ University School of Medicine for another author, and XYZ University Hospital for another, select one for all three whenever possible.

Please use the buttons below, "Add Author" to add another author to this abstract and, "Change who is the Presenting Author" to change the order your authors are listed.

Do not use all CAPS.

Please click “Continue” at the bottom of the page to save your work and move ahead to the next step. After you have done that, you can return to a previous step by clicking on the step name on the left hand side of your screen. Do NOT use the browser's back button.

MANDATORY DISCLOSURE STATEMENT FOR EACH AUTHOR

A code number appearing after each author listed indicates whether I (or a member of my immediate family) received something of value from or own stock (or stock options) in a commercial or other party related directly or indirectly to the subject of my presentation. Each code number is followed by the name of the source and/or company involved. The code numbers have the following meaning:

Disclosure Code – 1. Received royalties for any pharmaceutical, biomaterial or orthopaedic product or device
Disclosure Code – 2. Within the past 12 months served on a speakers bureau/paid honorarium to present by any pharmaceutical, biomaterial or orthopaedic product or device company
Disclosure Code – 3A. Paid employee for any pharmaceutical, biomaterial or orthopaedic product or device or equipment company, or supplier
Disclosure Code – 3B. Paid consultant for any pharmaceutical, biomaterial or orthopaedic product or device or equipment, company, or supplier
Disclosure Code – 3C. Unpaid consultant for any pharmaceutical, biomaterial or orthopaedic product or device or equipment company, or supplier
Disclosure Code – 4. Own stock or stock options in any pharmaceutical, biomaterial or orthopaedic product or device or equipment company, or supplier (excluding mutual funds)
Disclosure Code – 5. Receive research or institutional support as a principal investigator from any pharmaceutical, biomaterial or orthopaedic product or device or equipment company, or supplier
Disclosure Code – 6. Receive any other financial material support from any pharmaceutical, biomaterial or orthopaedic product or device or equipment company, or supplier
Disclosure Code – 7. Receive any royalties, financial material support from any medical and/or orthopaedic publisher

DOCUMENTATION OF FDA STATUS FOR USES DESCRIBED

• To obtain information regarding the clearance status of a device or pharmaceutical refer to the product labeling or call the FDA 1-800-638-2041 highlighting or visit the FDA internet site at http://WWW.fda.gov/cdrh/

ORS policy provides that "off-label" uses of a device or pharmaceutical may be described in the ORS CME activities so long as the "off-label" status of the device or pharmaceutical is also specifically disclosed (i.e. that the FDA has not approved labeling the device for the described purpose). Any device or pharmaceutical is being used "off-label" if the described use is not set forth on the product's approved label.
