

## **ORS Recognizes the 2021 Fellows of the Orthopaedic Research Society (ORS)**

40 members of the ORS were honored Monday, February 15, 2021, 7:00 AM – 8:00 AM (Pacific) by the Orthopaedic Research Society as part of their ORS 2021 virtual Annual Meeting.

ORS Fellows are selected by the ORS Board of Directors and represent longstanding members of the ORS who have demonstrated exemplary service and leadership, substantial achievement, expert knowledge, and significant contributions to the ORS, its governance, and the field of musculoskeletal research. Fellows are thought leaders and experts in their respective disciplines and serve as role models in the ORS community and in the field of musculoskeletal research exemplifying the core values of the Society.
