Poster Session Opportunities at the Annual Meeting

Be a part of history when ORS celebrates 70 Years of Advancing Research to Keep the World Moving at the 2024 ORS Annual Meeting, February 2-6 in Long Beach, CA. The meeting brings the orthopaedic community together for five days of workshops, learning sessions, networking, and advocacy. Attendees from many disciplines and career levels will network and learn about the latest innovations in orthopaedics. **Registration for the 2024 Annual Meeting is open.**

**Register Now**

**The 4th Annual ORS Future Faculty Poster Session** will take place at the Annual Meeting on February 3, from 7:00 - 8:30 pm. This program is open to residents and fellows that are planning to apply for their first independent research faculty position in the upcoming year. Candidates will present their proposed independent research laboratory's goals and showcase their past, present, and future research to department chairs, search committee chairs/members, and senior faculty. To apply to participate in the program, **please submit your application by November 30.**

**Apply for the Future Faculty Poster Session**

The new **Future Post-Doc Poster Session** will also take place on February 3. This program is open to ORS trainee members (senior graduate/medical students, residents) who are ready to apply for a postdoctoral research position. This session will provide the opportunity to highlight your experience and goals for a postdoctoral training period and career to faculty, T32 directors, and mentors. To apply to participate in the program, **please submit your application by November 30.**

**Apply for the Future Post-Doc Poster Session**
Hotel reservations are now being accepted. Reserve your room today to make sure you secure the right room for you. Each option is located near the event site. The deadline for hotel reservations is Friday, January 19, 2024, and rooms are subject to availability.

Please Note: Some members have reported receiving spam emails from sources unrelated to our hotel block or related partners. Please disregard these emails and make sure to only book your hotel using our preferred partners at Passkey via the link below. If there is any doubt about the hotel information you are receiving, please contact us at ors@ors.org before booking.

Call for Candidates for ORS Fellows
ORS Fellows are individuals who have demonstrated exemplary service and leadership, substantial achievement, expert knowledge, and significant contributions to the Orthopaedic Research Society (ORS), its governance, and the field of musculoskeletal research. Fellows will represent ORS as the thought leaders and topic experts in their respective disciplines. Fellows will also serve as role models in the ORS community and in the field of musculoskeletal research.

**Roles of Fellows**
ORS Fellows will enhance the core values of the ORS and the field of musculoskeletal research by:

- Supporting and exhibiting the ORS mission to advance musculoskeletal research worldwide.
- Inspiring excellence and innovation in research by providing expert advice, mentoring, and cultivating knowledge.
- Demonstrating professionalism and the ORS leadership through the highest standards in scholarship, science, patient care, education, and research.
- Engaging and fostering the enhancement of the ORS community through leadership, education, scientific programming, and collaboration.

**Fellows Candidate Criteria**
To nominate yourself or other ORS members, please complete the online application by clicking the blue button below. The deadline to complete the online application is December 8.

All new fellows will be recognized at the Annual Meeting in February.

**This Week! Walk, Run, or Roll for the ORS Turkey Trot Virtual 5K Race to Research**
This week, the ORS launches the inaugural ORS Turkey Trot Virtual 5K Race to Research. Participants from any location are encouraged to do a 5K walk, run, or roll to raise money for orthopaedic research. Gather with your family, friends, lab, or other team members to join this fun event to help improve the quality of life for those with musculoskeletal disorders. Your Race to Research should take place this week, between November 19 - 26, 2023. Prizes and bragging rights will go to the successful individual and team that complete the race in the best time in each category: walkers, runners, and rollers.

Join us for a Webinar to Help You Manage Your Lab Environment

Join us for the next LearnORS Virtual Scientific Session which will discuss the key aspects of developing and maintaining a high quality lab environment. Topics will include: development of standard operating procedures and critical process parameters, training, and documentation. Lara Silverman, PhD, of L.I.S. BioConsulting, LLC will be our speaker. Sign up today to attend this valuable session.
ORS members, you can now renew your membership for 2024 so you can continue to take advantage of all the benefits that come from being a part of the ORS. By renewing, you'll stay connected with a dynamic network of orthopaedic professionals, gain access to cutting-edge research and industry insights, forge valuable connections through networking opportunities, enhance your personal and professional growth with tailored webinars, and unlock exclusive perks such as special discounts and offers available exclusively to ORS members. When renewing, please also consider joining an ORS Section. An ORS Section is a small, intimate community of like-minded peers that promote the common interest of ORS members in a specific area of research related to orthopaedics.

Note: Please do not share the access information for your membership account with anyone else, even others on staff at your organization (who might be charged with renewing your membership). Doing so might compromise, even if accidentally, your account history.
In the next couple of weeks, ORS will issue its new newsletter, *Hot Topics in Orthopaedics*. This newsletter will offer the latest news and information in orthopaedics and will include content that will be of interest to ORS members as well as the general public. It will be distributed by a third party to ORS members and prospective members, or to those in the general public who wish to subscribe. You will receive the issues automatically via email, but you can opt out at any time through the unsubscribe link at the bottom of the email.

Find Your Next Opportunity at the ORS Career Center

Check out the ORS Career Center to post jobs, post a resume, create a profile, find jobs, apply, or sign up for job alerts. The Career Center offers: Career Coaching, Resume Writing, Reference Testing, and a Career Learning Center. Check out this important resource today.

A New Opportunity from ASBMR

THRIVE by ASBMR

Introducing THRIVE by ASBMR

Excellence in Scientific Training and Professional Development for early-career scientists and clinicians

THRIVE by the American Society for Bone and Mineral Research (ASBMR) will deliver individualized mentorship and high-quality professional development to early-career scientists and clinicians who identify as underrepresented in biomedical and behavioral science, and who have research interests
in fields related to the mission of the ASBMR. THRIVE will also educate the broader membership of ASBMR on topics in diversity, equity, and inclusion to foster more accepting and supportive work environments by reducing cultural biases within the workplace. The deadline to apply is December 4.

Find or Post Events on the Orthopaedic Events Calendar

ORS
Orthopaedic Research Society
An orthopaedic events calendar has been added to the ORS website. The events listed are of potential interest to those in the orthopaedic community. ORS Members are welcome to submit applicable events at no charge through the Submit Event button at the top of the calendar on the site. This is an excellent opportunity to spread the word about your orthopaedic-related events, ensuring they reach a wider and engaged audience.
